Re: Item Pricing/Scanner Accuracy Inspection Report dated 2/22/22

Evidence has been submitted to this office indicating that on the date of February 22, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.

A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....

2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....

D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.

1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.
2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)
3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)
4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).
5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)

E. If a retail store fails to achieve a pricing accuracy level of ninety-five percent (95%) on two consecutive pricing accuracy inspections, on a sample of not less than one hundred nor more than two hundred stock keeping units, a penalty in the amount of two thousand dollars (\$2,000.00) will be assessed.

F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.

If a penalty of \$500.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with an average accuracy of 97.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

The Item Pricing Waiver Application form is available at our website:  
<http://www.stlawco.org/Departments/WeightsMeasures/ItemPricingLaw>

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Remittance may be submitted to this office by certified check, bank check, or by postal or express money order, payable to the St. Lawrence County Treasurer. Payment should be mailed to St. Lawrence County, Dept. of Weights and Measures, 44 Park Street, Canton, NY 13617.

Re: Item Pricing/Scanner Accuracy Inspection Report dated 11/8/22

Evidence has been submitted to this office indicating that on the date of November 8, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

*"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.*

*A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)*
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)*
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).*
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)*

*E. If a retail store fails to achieve a pricing accuracy level of ninety-five percent (95%) on two consecutive pricing accuracy inspections, on a sample of not less than one hundred nor more than two hundred stock keeping units, a penalty in the amount of two thousand dollars (\$2,000.00) will be assessed.*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.*

If a penalty of \$1000.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with a maximum average accuracy of 97.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Re: Item Pricing/Scanner Accuracy Inspection Report dated 7/29/22

Evidence has been submitted to this office indicating that on the date of July 29, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.

*A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)*
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)*
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).*
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)*

*E. If a retail store fails to achieve a pricing accuracy level of ninety-five percent (95%) on two consecutive pricing accuracy inspections, on a sample of not less than one hundred nor more than two hundred stock keeping units, a penalty in the amount of two thousand dollars (\$2,000.00) will be assessed.*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.*

If a penalty of \$2000.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with a maximum average accuracy of 93.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Re: Item Pricing/Scanner Accuracy Inspection Report dated 11/10/21

Evidence has been submitted to this office indicating that on the date of November 10, 2021, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

*"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.*

*A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale .....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)*
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)*
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).*
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.*

If a penalty of \$1000.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment

will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with an average accuracy of 96.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Re: Item Pricing/Scanner Accuracy Inspection Report dated 11/15/22

Evidence has been submitted to this office indicating that on the dates of November 15, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

*"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.*

*A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)*
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)*
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).*
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.*

If a penalty of \$2000.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*As a result of failing to achieve an average accuracy of 98%, with a maximum average accuracy of 96.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Remittance may be submitted to this office by certified check, bank check, or by postal or express money order, payable to the St. Lawrence County Treasurer. Payment should be mailed to St. Lawrence County, Dept. of Weights and Measures, 44 Park Street, Canton, NY 13617.

Re: Item Pricing/Scanner Accuracy Inspection Report dated 3/9/22

Evidence has been submitted to this office indicating that on the date of March 9, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

**"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.**

**A.** Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....

2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale .....

**D.** The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.

1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.
2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)
3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)
4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).
5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)

**F.4.** In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.

If a penalty of \$1500.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with a maximum average accuracy of 96%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Remittance may be submitted to this office by certified check, bank check, or by postal or express money order, payable to the St. Lawrence County Treasurer. Payment should be mailed to St. Lawrence County, Dept. of Weights and Measures, 44 Park Street, Canton, NY 13617.

- D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.***

Re: Item Pricing/Scanner Accuracy Inspection Report dated 7/29/22

Evidence has been submitted to this office indicating that on the date of July 29, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.

*A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*

*E. If a retail store fails to achieve a pricing accuracy level of ninety-five percent (95%) on two consecutive pricing accuracy inspections, on a sample of not less than one hundred nor more than two hundred stock keeping units, a penalty in the amount of two thousand dollars (\$2,000.00) will be assessed.*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County Department of Weights and Measures within five (5) business days after being notified of the failure. Stores which do not reapply must be in compliance with all the requirements of the item pricing law.*

If a penalty of \$2000.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

*Additionally, be aware that as a result of failing to achieve an average accuracy of 98%, with a maximum average accuracy of 93.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Evidence has been submitted to this office indicating that on the date of October 25, 2022, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.*

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.*
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)*
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)*
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).*
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)*

If a penalty of \$1500.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Remittance may be submitted to this office by certified check, bank check, or by postal or express money order, payable to the St. Lawrence County Treasurer. Payment should be mailed to St. Lawrence County, Dept. of Weights and Measures, 44 Park Street, Canton, NY 13617.

Re: Item Pricing/Scanner Accuracy Inspection Reports dated 3/1/24 & 3/20/24

Evidence has been submitted to this office indicating that on the dates of March 1, 2024 and March 20, 2024, an inspector from this Bureau visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

*"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.*

- A. Retail stores, with "computer assisted checkout systems" who do not place price stickers on individual stock keeping units, shall be required to: .....*
- 2. Achieve and maintain a pricing accuracy level of 98% from an inspection of not less than 100 nor more than 200 stock keeping units, which shall represent a cross section of all stock keeping units offered for sale.....*

*F.4. In the event that total violations in excess of two percent (2%) are discovered in the inspections provided for, the St. Lawrence County Department of Weights and Measures shall not grant a waiver to the applicant. Such a store must promptly reapply for a waiver, and pay the required fee to the St. Lawrence County*

*As a result of failing to achieve an average accuracy of 98%, with an average accuracy of 97.5%, you are required to reapply for a waiver per Section 7.F.4 of the St. Lawrence County Item Pricing Law. The waiver application and required \$750.00 fee must be received within FIVE (5) business days after being notified of the failure. Stores which do not reapply must immediately comply with all requirements of the item pricing law.*

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Evidence has been submitted to this office indicating that on the date of February 28, 2024, an inspector from this Department visited your establishment and found violation(s) of the provisions of St. Lawrence County Local Law No. 6 for the year 1998, which states:

***"Section Seven: WAIVER OF THE ITEM PRICING REQUIREMENT FOR CERTAIN STORES WHICH MAINTAIN A VERY HIGH DEGREE OF COMPUTER ASSISTED PRICING ACCURACY.***

***D. The following penalties are established for pricing accuracy inspection violations, based on a sample of not less than one hundred nor more than two hundred stock keeping units. A violation exists when the programmed computer price exceeds the retail price.***

- 1. Ninety-eight (98%) or better pricing accuracy, pricing corrected.***
- 2. Ninety-seven (97%) pricing accuracy, a penalty of five hundred dollars (\$500.00)***
- 3. Ninety-six (96%) pricing accuracy, a penalty of seven hundred fifty dollar (\$750.00)***
- 4. Ninety-five (95%) pricing accuracy, a penalty of one thousand dollars (\$1,000.00).***
- 5. Below ninety-five (95%) pricing accuracy, a penalty of fifteen hundred dollars (\$1,500.00)***

***E. If a retail store fails to achieve a pricing accuracy level of ninety-five percent (95%) on two consecutive pricing accuracy inspections, on a sample of not less than one hundred nor more than two hundred stock keeping units, a penalty in the amount of two thousand dollars (\$2,000.00) will be assessed.***

If a penalty of \$500.00 is received at this office within a timely fashion and the objectionable conditions have been remedied, such amount will be accepted as full settlement of this matter. Such payment will not be considered as an admission of liability, nor will this office be prevented from conducting similar inspections in the future.

If you would like an opportunity to discuss this matter at an informal conference with the Municipal Director, please make the request in a formal letter. Such a request must be received at this office within 10 days from the date of this letter.

Failure to comply with this demand will result in a referral of this matter to the County Attorney, for commencement of an action to recover the full statutory penalty, plus court costs.

Remittance may be submitted to this office by certified check, bank check, or by postal or express money order, **payable to** the St. Lawrence County Treasurer. Payment should be **mailed to** St. Lawrence County, Dept. of Weights and Measures, 44 Park Street, Canton, NY 13617.

AO 334 (Rev. 01/13) Subpoena to Produce Documents, Information, or Objects or to Permit Inspection of Premises in a Civil Action (Page 3)

**Revised Rule 45(b) Subpoena d(1)(c), (d), (e), and (g) (Effective 12/1/13)**

**(c) Place of Compliance.**

**(1) For a Trial, Hearing, or Deposition.** A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
  - (i) is a party or a party's officer; or
  - (ii) is commanded to attend a trial and would not incur substantial expense.

**(2) For Other Discovery.** A subpoena may command:

- (A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises at the premises to be inspected.

**(d) Protecting a Person Subject to a Subpoena; Enforcement.**

**(1) Avoiding Undue Burden or Expense; Sanctions.** A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction—which may include lost earnings and reasonable attorney's fees—on a party or attorney who fails to comply.

**(2) Command to Produce Materials or Permit Inspection.**

**(A) Appearance Not Required.** A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

**(B) Objections.** A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.

(ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

**(3) Quashing or Modifying a Subpoena.**

**(A) When Required.** On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

**(B) When Permitted.** To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

- (ii) disclosing an unclaimed expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

**(C) Specifying Conditions as an Alternative.** In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

**(e) Duties in Responding to a Subpoena.**

**(1) Producing Documents or Electronically Stored Information.** These procedures apply to producing documents or electronically stored information:

**(A) Documents.** A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

**(B) Form for Producing Electronically Stored Information Not Specified.** If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

**(C) Electronically Stored Information Produced in Only One Form.** The person responding need not produce the same electronically stored information in more than one form.

**(D) Inaccessible Electronically Stored Information.** The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

**(2) Claiming Privilege or Protection.**

**(A) Information Withheld.** A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

**(B) Information Produced.** If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

**(g) Contempt.**

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

For access to subpoena materials, see Fed. R. Civ. P. 45(a) Committee Note (2013).

**Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) (Effective 12/1/13)**

**(c) Place of Compliance.**

**(1) For a Trial, Hearing, or Deposition.** A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
  - (i) is a party or a party's officer; or
  - (ii) is commanded to attend a trial and would not incur substantial expense.

**(2) For Other Discovery.** A subpoena may command:

- (A) production of documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises at the premises to be inspected.

**(d) Protecting a Person Subject to a Subpoena: Enforcement.**

**(1) Avoiding Undue Burden or Expense; Sanctions.** A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction— which may include lost earnings and reasonable attorney's fees— on a party or attorney who fails to comply.

**(2) Command to Produce Materials or Permit Inspection.**

**(A) Appearance Not Required.** A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

**(B) Objections.** A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.

(ii) These rules may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

**(3) Quashing or Modifying a Subpoena.**

**(A) When Required.** On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

**(B) When Permitted.** To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unperfected expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

**(C) Specifying Conditions as an Alternative.** In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

**(e) Duties in Responding to a Subpoena.**

**(1) Producing Documents or Electronically Stored Information.** These procedures apply in producing documents or electronically stored information:

**(A) Documents.** A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

**(B) Form for Producing Electronically Stored Information Not Specified.** If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

**(C) Electronically Stored Information Produced in Only One Form.** The person responding need not produce the same electronically stored information in more than one form.

**(D) Inaccessible Electronically Stored Information.** The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

**(2) Claiming Privilege or Protection.**

**(A) Information Withheld.** A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and
- (ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

**(B) Information Produced.** If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

**(3) Contempt.**

The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

For access to subpoena materials, see Fed. R. Civ. P. 45(a) Committee Note (2013).
